

Salesian Bulletins around the world

The Salesian Bulletin, first published by Don Bosco in 1877 in Italian, had versions in other languages from the very first years as Salesian work began to spread around the world.

Thus in 1879 it appeared in French, in 1886 in Spanish, in 1892 in English, in 1895 in German, in 1897 in Polish and in 1902 in Portuguese. Subsequently, editions in other languages were added, arriving at the 62 Salesian Bulletins printed today worldwide in 31 languages.

For this to be more easily understood, we publish the list below.
